

SPDCON – Speed Contract Update Program

SPDCON is a program that makes the process of updating contract items significantly quicker and more efficient. Similar to MBS325, sell price and cost can be updated by drilling down a list of items selected by line buy (contract line buy) or miscellaneous sort. Sell codes and cost codes are displayed to save having to look them up in a manual.

```

*** EXPERT SYSTEMS CONSULTING ***          *** CONTRACT SPEED-UPDATE ***
ENTER CONTRACT: TEST CONTR LINE-BUY: CH    MISC-SORT: _____
  
```

Select the contract name, the line buy you would like to update and optionally, the MISC-SORT

```

*** EXPERT SYSTEMS CONSULTING ***          *** CONTRACT SPEED-UPDATE ***
ENTER CONTRACT: TEST CONTR LINE-BUY: CH    MISC-SORT:
LN ITEM----- U/M SC --SELL--- SELL-MULT CC --COST--- COST-MULT
01 CHBD1515      0   7.060  0.000000  0   5.440  0.000000
    NEW VALUES >>>>
02 CHBD1520      0   7.060  0.000000  0   5.440  0.000000 <<<<
03 CHBD2020      0   7.060  0.000000  0   5.440  0.000000
04 CHBQ2202115   0  13.120  0.000000  0  10.100  0.000000
05 CHBQ220220    0  13.120  0.000000  0  10.100  0.000000
06 CHBQ220230    0  13.120  0.000000  0  10.100  0.000000
07 CHBQ220250    0  13.120  0.000000  0  10.100  0.000000
08 CHBQ230230    0  13.120  0.000000  0  10.100  0.000000

0 = NORMAL,1 = CONTRACT COST,2 = LIST/COST,3 = CALC COST,4 = T/S COST
  
```

The list of items appears and you type in the new values below the existing values. Sell codes and cost codes are helpfully displayed at the bottom of the screen as you reach each field.

```

*** EXPERT SYSTEMS CONSULTING ***          *** CONTRACT SPEED-UPDATE ***
      ENTER CONTRACT: TEST CONTR LINE-BUY: CH      MISC-SORT:
LN ITEM----- U/M SC --SELL--- SELL-MULT CC --COST--- COST-MULT
01 CHBD1515          0   7.060  0.000000  0   5.440  0.000000
02 CHBD1520          0  10.000  0.000000  0   6.000  0.000000
      NEW VALUES >>>>
03 CHBD2020          0   7.060  0.000000  0   5.440  0.000000 <<<<
04 CHBQ2202115      0  13.120  0.000000  0  10.100  0.000000
05 CHBQ220220      0  13.120  0.000000  0  10.100  0.000000
06 CHBQ220230      0  13.120  0.000000  0  10.100  0.000000
07 CHBQ220250      0  13.120  0.000000  0  10.100  0.000000
08 CHBQ230230      0  13.120  0.000000  0  10.100  0.000000

      (A) TO ACCEPT VALUES, (C) TO CANCEL, (M) TO MODIFY _

```

After making all the necessary change, press ENTER to get to the bottom of the screen. Type A to accept the changes and move to the next page or M to modify lines. When you have completed all items to be updated, make sure you press A to complete the update, then C to exit the program.
